PATCHWORK

Our die-cutting machines paired with our fantastic range of patchwork dies are the perfect tool for both beginners and experienced quilters. Depending on the thickness of the fabric, creatives can accurately cut through multiple layers at once. This is especially useful when creating quilts and eliminates the complications many people are faced with when piecing together irregular shapes after using a ruler and rotary cutter. Each die also comes with a built in $\frac{1}{4}$ " seam allowance to make piecing together the shapes even easier.

Within the range you will find a collection of popular and traditional stand-alone quilting dies. We have also put together suggested bundles to create a variety of different block patterns from 3" up to 12" to be incorporated into beautiful quilts, cushions, wall hangings and more. Accompanying each of these bundles you will find suggestions for additional dies which work with the individual bundles to offer even more creativity.

These two items are available all year round and work with our bundles to easily add borders, sashing and binding to quilts and for creating jelly rolls.

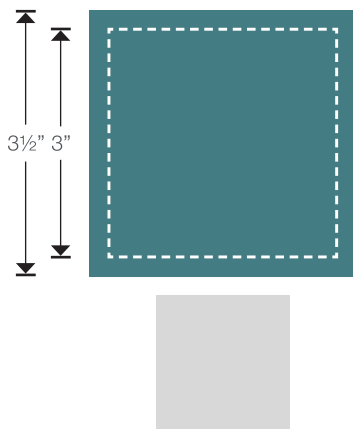

658328
Sizzix® Bigz™ XL 25" Die - Strips, 2" wide

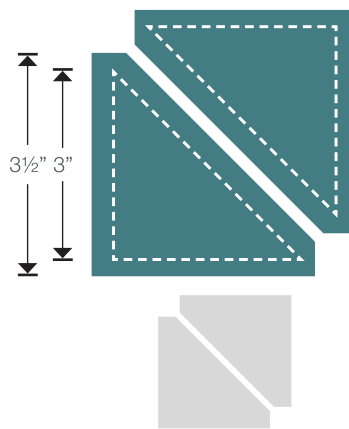

659811
