3 OUR STORY
Here at Sizzix® we empower each and every creative personality to explore their artistic potential through our numerous die-cutting and embossing machines and thousands of inspiring designs. From quilting to papercrafting and upcycling to home décor, we give people of all ages and abilities the opportunity to explore multiple creative pursuits and learn a new skill for life that they can share with loved ones.

Our parent company Ellison® Educational Equipment Inc. was established in 1977, with the Sizzix® brand launching in 2001 as the creative division. We have firmly established ourselves as the industry pioneer and global leader of innovative die-cutting solutions for today’s creative community. Through our expansive portfolio of award-winning products, we are able to serve you, our valued retail partners, with unsurpassed quality, innovation and inspiration to empower expression in all. The Sizzix® and Ellison® brands are available in over 100 countries and continue to capture the next generation of creativity.
EXPLORING SIZZIX® DIES AND EMBOSsing FOLDERS

We offer a wide range of dies and other technologies, with something for everyone all year round.
**BIGZ™ DIE S**

Creativity can be explored further with our innovative steel-rule Bigz™, which encourage the use of a diverse range of materials. These amazing dies allow you to cut everything from paper and cardstock to chipboard, felt, fabric, balsa wood, magnetic sheets, shrink plastic, leather and much more meaning a wide range of making types can be embraced.

**THINLITS™ DIES**

It’s papercrafting at its most intricate yet! Use our Thinlits™ dies to cut detailed elements from paper, thin card, metallic foil or vellum, for ornate borders and detailing, or building up lifelike elements for your cards, mini albums and other papercraft projects.
FRAMELITS™ DIES

Put your creations in the frame with these innovative wafer-thin dies! Framelets™ are sets of dies created to perfectly frame and crop sentiments, photos, stamps and much more. Designed to cut a single sheet of cardstock, paper, metallic foil or vellum, these dies also make great stencils and are perfect for layering to produce a 3-D effect.

TEXTURED IMPRESSIONS™ EMBossing Folders

Create a big impression! Our Embossing Folders turn ordinary cardstock, paper, metallic foil and vellum into an embossed, textured masterpiece. Our wide range of folder designs make the perfect addition to a wide range of occasions and making types such as cards, gift tags, scrapbooks, and much more.

Our die-cutting machines paired with our fantastic range of patchwork dies are the perfect tool for both beginners and experienced quilters. Depending on the thickness of the fabric, creatives can accurately cut through multiple layers at once. This is especially useful when creating quilts and eliminates the complications many people are faced with when piecing together irregular shapes after using a ruler and rotary cutter. Each die also comes with a built in ¼” seam allowance to make piecing together the shapes even easier. Within the range you will find a collection of popular and traditional stand-alone quilting dies.
These two items are available all year round and work with our bundles to easily add borders, sashing and binding to quilts and for creating jelly rolls.
